

Mobile Forest - Square shape

Ref. 50 1101

Street Furniture
Mobile Gardens Range

Sineu Graff : Intelligent Design
for the town of tomorrow

➤ Presentation

This furniture has been designed and manufactured by Sineu Graff. The square Mobile Forest is based on the Mobile Gardens concept, for creating friendly settings and new atmospheres. This steel-faced piece of equipment is an innovative solution for the temporary or permanent refurbishment of areas where planting in the soil is not possible.

The Mobile Forest is available in rectangular or square shapes.

Mobile Forests may be used in combination with single or double seats, single or double benches, S-shaped benches, planting benches and Mobile Gardens. experts in urban landscaping, in accordance with a sustainable development approach.

➤ Description

The square Mobile Forest is made up of:

- 6 modules with:
 - inner structure in 3mm thick galvanized steel
 - stability cross member in galvanized steel
 - seating with wooden planks
 - 3mm thick painted galvanized steel facing
 - 3mm thick painted galvanized steel plinths
 - stainless steel adjustable feet
- 6 backrests with:
 - inner structure in 3mm thick galvanized steel
 - cladding made of wooden planks
- connecting systems, each made up of a 6mm thick galvanized steel flange and a galvanized steel pin, dimensions 60x30mm, 6mm thick
- 4 rectangular boxes (Forest type) in galvanized steel with the Sineufloor system (total volume 1020L including 110L water reserve) and fitted with fixed lifting handles and 4 stainless steel adjustable feet
- 12 finishing coping pieces in 3mm thick galvanized steel.

After the application of a flow coat, the wood is coated with solvent-free water-based emulsion stain.

The wood used is certified and sourced from well-managed forests.

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

The plinth is self-adjusting.

The modules are joined to each other by flanges, with no fasteners.

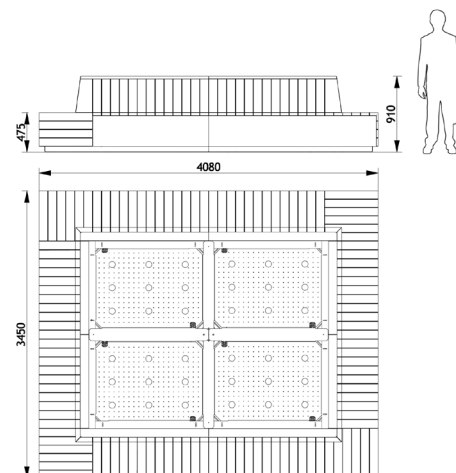

The fasteners are concealed (except for removable planks).

The Mobile Garden is equipped with the Sineufloor system.

Weight of empty assembly: 1560kg

Modules delivered assembled.

➤ Dimensions

➤ Colours

Colours shown:
