

Park Bench KS0710

DS
DARBA
SPARS
anno 1891

The Park Bench KS0710 is a durable and elegant seating solution designed for parks, gardens, public spaces, and urban environments. Manufactured from high-quality materials, it combines modern design, comfort, and long-lasting durability, making it an ideal addition to both contemporary and traditional outdoor areas.

For long-term corrosion protection, the steel frame is available either hot-dip galvanized (ISO 1461) or hot-dip galvanized and powder-coated in any RAL color. The seat and backrest are crafted from FSC-certified Linax pine, ensuring durability and low maintenance under varied climate conditions.

The bench is supplied disassembled, the steel side elements are delivered separately and must be bolted to the main frame during installation.
